

PROJECT PROPOSALS RECEIVED

EGS062-00001, Well # 29, Lot 460 Abandoned Well Plugging, Gas & Oil Management Associates, Inc.—80 Dillon Dr., Youngsville, PA 16371. Gas & Oil Management Associates, Inc. is planning to plug an abandoned oil and gas well (API No. 123-01506) located in Mead Township, Warren County. The well intermittently discharges water from the wellbore to the ground and nearby stream. The well plugging project will affect an area of less than 1 acre. Complete project proposal received 12/27/2017.

Chapter 105 Water Obstruction and Encroachment and Chapter 102 Erosion and Sediment Control Permit Applications; Shell Pipeline Company L.P.'s Falcon Ethane Pipeline System; Public Hearings

The Department of Environmental Protection (Department) will hold three public hearings to collect testimony from citizens on the Chapter 105 Water Obstruction and Encroachment and Chapter 102 Erosion and Sediment Control permit applications currently under technical review for Shell Pipeline Company L.P.'s, Falcon Ethane Pipeline System. Chapter 105 permits are required for proposed activities located in, along, across or projecting into a watercourse, floodway or body of water, including wetlands. Chapter 102 permits are required for earth disturbance activities.

The proposed pipeline by Shell Pipeline Company would begin at the MarkWest Houston Processing and Fractionation Facility in Washington County and travel through Washington, Allegheny and Beaver Counties before ending at the Shell Chemical Appalachia Petrochemical Complex in Potter Township, Beaver County.

A separate segment of the pipeline will connect a MarkWest facility in Cadiz, Ohio and the Utica East Ohio plant in Scio, Ohio to the petrochemical complex in Beaver County. In total, approximately 45.5 miles of pipeline will be located in Pennsylvania and the pipeline will cross portions of southwestern Pennsylvania, eastern Ohio and the West Virginia panhandle. Each hearing will begin at 6:30 p.m. and end at 8:30 p.m. Hearings may conclude earlier if all testifiers in attendance have spoken prior to the designated end time. The dates and locations are as follows:

- Tuesday, April 3, 2018—Beaver County: Central Valley High School Auditorium, 160 Baker Road Extension, Monaca, PA 15061.
- Wednesday, April 4, 2018—Washington County: Burgettstown Area School District Campus, LGI Room, 104 Bavington Road, Burgettstown, PA 15021.
- Thursday, April 5, 2018—Allegheny County: Quaker Valley Middle School Auditorium, 618 Harbaugh Street, Sewickley, PA 15143.

During the hearings, each speaker will have the opportunity to present up to 3 minutes of verbal testimony relevant to the permit applications before the Department. To ensure that all speakers have a fair and equal opportunity to present their testimony, relinquishing of time to other speakers will be prohibited, and groups are asked to designate one speaker. All presenters should bring at least one copy of their written comments and exhibits for submission to the Department.

Those who wish to present testimony during a scheduled hearing are asked to register in advance by contacting the regional office. Registration for the hearing will be taken through to the business day prior to the hearing. Individuals will be called to testify in the order they

registered. If time permits at the hearing, those who did not register in advance will be given the opportunity to testify.

To register contact Lauren Fraley, Southwest Regional Office, 412-442-4203, lfraley@pa.gov.

The Department will accept written comments on the Chapter 105 Water Obstruction and Encroachment and Chapter 102 Erosion and Sediment Control permit applications through Tuesday, April 17, 2018. Comments on the applications can be e-mailed or sent via postal mail to the Department of Environmental Protection, Southwest Regional Office, Waterways and Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222, RA-EPWW-SWRO@PA.GOV.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Availability of Technical Guidance

Technical guidance documents are available on the Department of Environmental Protection's (Department) web site at <http://www.elibrary.dep.state.pa.us/dsweb/HomePage>. The "Technical Guidance Final Documents" heading is the link to a menu of the various Department bureaus where each bureau's final technical guidance documents are posted. The "Technical Guidance Draft Documents" heading is the link to the Department's draft technical guidance documents.

Ordering Paper Copies of Department Technical Guidance

The Department encourages the use of the Internet to view and download technical guidance documents. When this option is not available, persons can order a paper copy of any of the Department's draft or final technical guidance documents by contacting the Department at (717) 783-8727.

In addition, bound copies of some of the Department's documents are available as Department publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Draft Technical Guidance—New Guidance

DEP ID: 385-2207-001. Title: Act 537 Program Guidance; Site Suitability and Alternatives Analysis Guidelines for New Land Development Proposing Onlot Sewage Disposal. Description: The act of July 20, 2017 (P.L. 321, No. 26) (Act 26) amended the Pennsylvania Sewage Facilities Act (Act 537) (35 P.S. §§ 750.1—750.20a) to allow alternate onlot systems to satisfy sewage planning requirements in the establishment of new lots. Act 26 became effective on September 18, 2017. The Department considers a wide range of available onlot sewage system technologies, including emerging technologies, in the Act 537 new land development planning process. This authorization is contingent upon the applicability of given technology to site conditions and assurance and availabil-
